WARMER

GERMANS ARE STRUGGLING DESPERATELY TO MAKE HEADWAY AGAINST THE FIRM HOLDING BRITISH-FRENCH-AMERICAN LINES

DIES HERE AFTER THREE YEARS AT WAR

CAPTAIN R. HUGH KNYVETT

Captain R. Hugh Knyvett, of the Anzac Scouts, died recently at his home in New York. His bride of three months, who was Miss Lillian Maude, was with him at the end. Captain Knyvett served three years in Egypt, Gallipoli and on the western front. He was wounded twenty times by a German shell while on the Somme front. He recovered, but the hardship of war later broke his health.

VON HERTLING BRINGS SUIT FOR DAMAGE

Claims German Newspaper Labeled Him in Published Article.

(Associated Press Cable) London, April 25.—Count von Hertling, the Imperial German Chancellor, according to an Exchange dispatch from Copenhagen is officially reported to have brought suit against the Dutch Zeitung of Berlin for an article published Wednesday in which von Kuehlmann, the German foreign secretary, and Count Czernin, the former Austrian foreign secretary, were attacked.

The paper asserted the two statesmen during negotiations at Bucharest acted in a manner which debased their country. Secretary von Kuehlmann, the report says, was seen often with a well known member of the underworld while Count Czernin every evening visited a theater where dancing girls performed.

HEAVY FIGHT

(By Associated Press Cable) Paris, April 25.—The Germans have captured the village of Hangard on the front southeast of Amiens, the war office announces.

This battle continued with violence throughout the night. The French lost Hangard, recaptured it and finally were again forced out of the town, but are holding the ground around it.

THE FIGHTING IS CONTINUING WITH THE GERMANS UNABLE TO MAKE ANY CONSIDERABLE PART OF THE BIG GAINS THEY MUST MAKE IF THEY ARE ABLE TO GAIN A FIRM FOOTHOLD ON GROUND ACQUIRED IN FIRST BIG DRIVE.

MASSED INFANTRY ATTACK NOT SO HEAVY AS THAT EMPLOYED IN FIRST OFFENSIVE ARTILLERY RELIED UPON TO BLAZE THE WAY

ALLIED TROOPS GAIN LOCAL SUCCESSES IN MACEDONIA CAMPAIGN. RELATIONS BETWEEN HOLLAND AND GERMANY STRAINED ALMOST TO BREAKING POINT. GERMANS FORCED TO RETIRE ON ALBANIAN FRONT.

(By Associated Press Dispatch)

Yielding only slightly at the first shock of the German assault in the renewal of the drive in the great battle south of the Somme the British and Franco-American lines are now standing firmly against the desperate continue assaults of the enemy.

The fighting is continuing with the Germans desperately struggling to make the considerable headway they must if they are able to gain anything but relatively valueless local advantages. Thus the decision in the renewal of the battle is by no means yet with either side.

The meager gains of the enemy after a pause long enough for him to bring up his heaviest artillery and when he must have been at the pinnacle of his strength may well be compared with the sweeping success achieved in the beginning last month when he won miles of ground a day and captured tens of thousands of prisoners.

Apparently the Germans did not resume the offensive with as heavy massed forces as previously used in Picardy and Flanders. Probably they are counting on the artillery to blast a way for smaller bodies of troops, the losses since March 21 in massed assaults having necessitated economy in man power.

On the Macedonian front the allied troops have gained new local successes in continuation of the increased activity in this theater. British troops west of Dorian penetrated Bulgarian defenses on a wide front and in the Cerna bend French and Serbian troops repulsed enemy attacks.

In Albania, west of Lake Presba, allied troops forced the enemy to retire from the heights along the Verda and captured two villages.

Relations between Holland and Germany over demands made by Germany are still serious and it is reported little progress has been made toward an agreement. The Dutch minister to Germany and the German minister to Holland are said to have left their posts and are returning to their respective capitals.

TOTAL BRITISH LOSSES ANNOUNCED

London, April 25.—(Associated Press Cable)—The British have lost nearly 1,000 guns, between 4,000 and 5,000 machine guns, and the total manufacture of ammunition of between one and two weeks since the battle in France began. Winston Spencer Churchill, minister of munitions told the House of Commons today. All these losses have been made good.

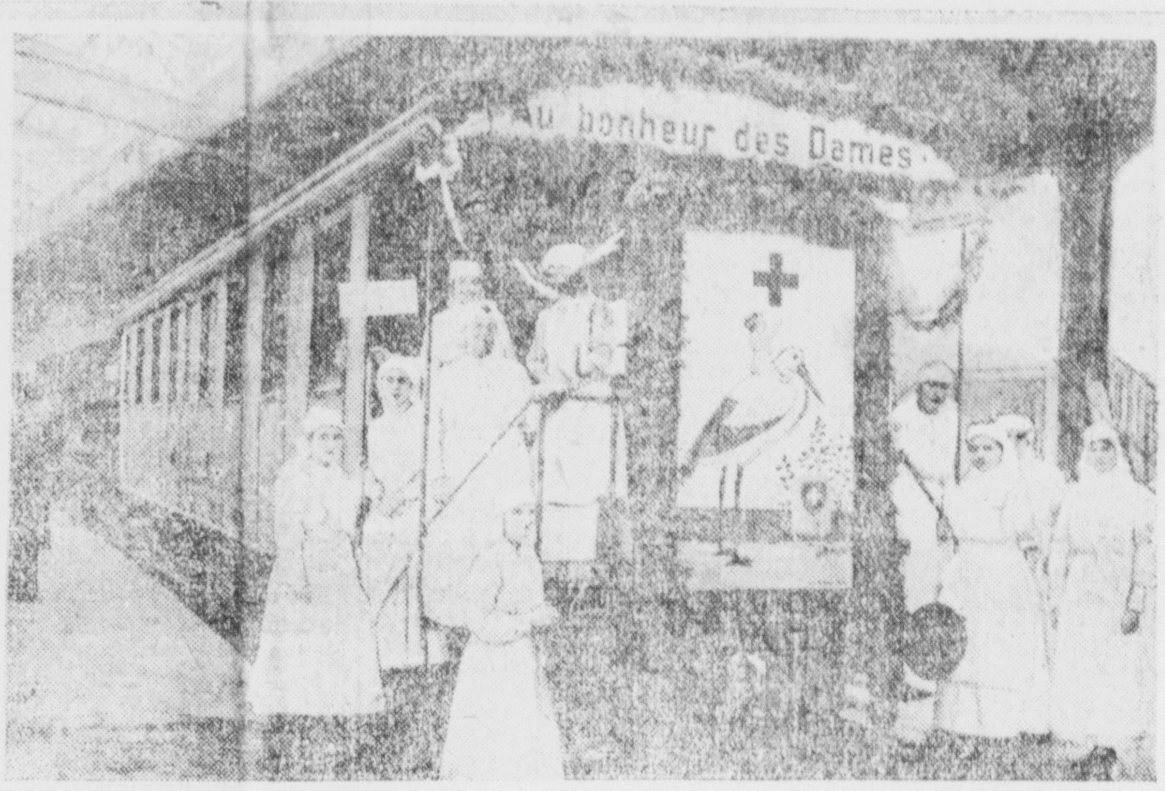

The munitions ministry, said Mr. Churchill, placed at the disposal of air and ground services more than twice the number of guns lost or destroyed in France. There are now, he said, more serviceable guns and more of virtually every calibre than when the battle opened.

BOTH SIDES USING BIG TANKS

With the British Army in France, April 25.—(Associated Press Cable)—The German attacks against the French and British lines on the northern front in the Dranoutre-Kemmel sector is continuing. The Teuton assault was intended to pave the way for the capture of Kemmel Hill.

Tanks went into action on both sides for the first time in history. In the battle about Villers Bretonneux the German tanks appeared at the beginning of the engagement and by noon the British tanks joined in the fray. The latter did heavy execution among the enemy infantry.

NURSERY FOR REPATRIATED FRENCH BABIES IN SWITZERLAND

A Red Cross nursery train at Basle, Switzerland, where French repatriated children are cared for. The inscription above the poster of the stork and child, translated, means the "Happiness of Women."

TEUTON RUSH STOPPED BY HAIG'S ARMY

Three Attacks on British Positions Are Repulsed.

Severe Fighting Rages All Night.

Ground Regained by British.

(By Associated Press Cable) London, April 25.—Three attacks made by the Germans on British positions east of Amiens have been repulsed, it is announced officially.

On the Flanders front late yesterday the Germans attacked French positions northwest of Bailleul, were repulsed. Early this morning after an intensive bombardment they renewed their attack in this sector and against the British positions further east.

The British regained ground around Villers-Bretonneux by counter attacks and took prisoners.

Severe fighting was in progress all night in and around Bailleul. Heavy casualties have been inflicted on the enemy there. On the Bailleul sector the battle is continuing over a wide front.

BREAK WITH HOLLAND NOW SEEMS SURE

(Associated Press Cable) The Hague, April 25.—Speaking today in the First Chamber of the Netherlands Parliament on the sand and gravel question with Germany, the Dutch foreign minister declared he would not conceal from the Chamber the fact that the question was a very serious one. He said he could not say more about it.

AMERICAN LINE STEAMSHIP ST. PAUL IS OVERTURNED

BELIEVED THAT ALL OF 500 OR 600 WORKMEN ON BOARD WERE SAVED. NO EXPLANATION OF ACCIDENT.

An Atlantic Port, April 25.—(Associated Press Dispatch)—The American Line steamship St. Paul overturned while being warped around her pier here today after coming from a nearby dry dock. It is believed all persons on board, between 500 and 600 workmen, escaped, but the vessel lies two-thirds submerged with her bow on the bottom and her stern high in the air. The military authorities were unwilling to announce that no one had perished.

It was considered possible that some might have been trapped in the interior of the ship. Whether the St. Paul's seacocks were left open or the ballast shifted, remains to be determined.

SIX DROWNED, MANY MISSING

At least 6 men were drowned and a number of others are missing, according to some workmen who were allowed to leave the pier. Passengers on nearby vessels said they could see men at work on the exposed side of the hull, cutting holes throughout the sides with gas flame torches.

Police and fire boats prevented the approach of all craft. It was reported soon after the boat overturned fire broke out in an unmerged part of the vessel.

The refusal of the military authorities who are guarding the pier to allow reporters of the press within the barred zone made it difficult to obtain definite information as to the loss of life.

WAR BUREAU ASKS RULING

(By Associated Press Dispatch) Washington, April 25.—The war risk bureau has asked the war department to rule as to when a soldier who has been reported "missing in action" shall be officially recorded as dead. Under the law no payment can be made to the heirs until the death of the insured "has been officially recorded."

Adjutant General McCain will be called upon to fix some definite period which will mark the end of official hope that a missing man may be found. It is regarded probably that a system adopted by Canada fixing a period of 6 months will be followed. General Pershing recently recommended this course.

CASUALTY LISTS

(By Associated Press Dispatch) Washington, April 25.—The casualty list today contains 49 names, divided as follows:

Killed in action, 2; died of wounds, 6; died of accident, 4; died of disease, 7; died other causes, 1; wounded severely, 5; wounded slightly, 24.

CAR OVERTURNS

(By Associated Press Dispatch) Birmingham, Ala., April 25.—Three persons were killed, another fatally injured and ten seriously hurt when a street car overturned today.

ROTHMERE RESIGNS

(Associated Press Cable) London, April 25.—Lord Rothmere, brother of Lord Northcliffe, has resigned from the office of secretary of state for the air forces. It is announced today.

BIG GUN AGAIN.

Paris, April 25.—(Associated Press Cable)—The long range bombardment of Paris was resumed this morning.

U. S. BOATS TO RESCUE IN RAID

(Associated Press Cable) Dover, England, April 25.—One of the most thrilling incidents of the British naval raid on Zeebrugge last Tuesday was the rescue by two American-built motor launches of nearly 200 members of the crew of two block ships sunk at the entrance of the Bruges canal. The feat was accomplished under a heavy fire and the actual transfer was made in less than five minutes.

HEAVY DAMAGE

(Associated Press Cable) Amsterdam, April 25.—A correspondent of the Telegraaf sends word from the frontier that a hole fully 25 yards wide was blown in the Zeebrugge Mole by the British submarine which was loaded with explosives and sent against the Mole.

"One may see clearly through the Mole," says the correspondent, "when looking from a great distance on the dunes from east to west."

"Many German wounded were transferred to Bruges by boat and train. The losses among the surprised troops must have been great. The entire garrison was called by sirens. The frightened inhabitants fled to Ramscapelle. The people could hardly believe the British had been in the harbor."

GERMAN VERSION

(Associated Press Cable) Berlin, April 25.—German naval operations off the Flanders coast says an official statement today, have in no way been impeded by the British attack on Zeebrugge and Ostend.

CANNOT NOW GUARANTEE SHIP SAFETY

Another Complication in Holland Ship Deal Arises.

(Associated Press Cable) Amsterdam, April 25.—Germany has given no positive guarantee that ships from America sailing within the next three months with grain for Switzerland will not be sunk, it is announced today. The German government, says the message, has not left the Swiss government in doubt, that, although an order has been sent to the submarines to spare vessels carrying grain for Switzerland it is impossible to guarantee their safety for three months, for technical reasons, for only after that time can it be certain all German warships have received the order.

EAST WAYNE WAR CHEST SALE NETS IN EXCESS OF \$5000.00

Big Auction a Big Success Regardless of the Downpour of Rain Which Drove Many to Shelter.

Committee and Citizens in General Do Parts Nobly in Great Work for Humanity.

Colt Brings \$1350, Flag \$500 and the "Kaiser's Goat" \$300.

Notwithstanding the fact that the rain Wednesday afternoon reduced the net proceeds of the East Wayne township War Chest sale by probably \$1,000 the big auction was a decided success and nearly \$5,000 was realized from the large stock of goods and farm produce donated by the patriotic citizens of the district, who did their part nobly in responding to the call of humanity.

The big auction, held at the Cisco school house, was preceded by short and stirring addresses by Hon. J. D. Post and Hon. Frank L. Parrett, after which the auctioneers—Col. R. T. Scott, this city; Col. E. A. Ferguson, Millersville; Col. Ben Allen, Octa; Col. Bob Minshall, Sedalia and Sheriff A. T. Sweetson and son, Col. Earl Sweetson, of Chillicothe—took the stand and the sale was under way, with bidding fairly lively from the start and at times becoming very spirited.

For the most part the produce consigned to the sale sold well, but part of it went below the market price, due largely to the very bad weather. The auctioneers took their turn in keeping the sale going without interruption.

The climax of the sale came when a colt, donated by Virgil Bryan, sold and resold until it had brought a total of \$1350, passing finally to Leonard Cook.

A large American flag aroused the patriotism of the crowd and when the flag was finally disposed of it was for a cool \$500, raised by men of the township, and it was announced that the flag would be presented to East Wayne township and would float over the Cisco Centralized school building.

Just an ordinary goose proved so popular that he netted the War Chest a snug \$85 before the final sale was made.

And the "Kaiser's Goat"—the same animal which brought \$550 at Jeffersonville and which had obtained a great deal of publicity throughout the

state, made good once more and netted over \$300. The goat was sold until no more bids could be obtained so that Col. R. T. Scott and Bob Minshall made the final bid and carried off the goat in triumph.

GOAT PATRIOTIC

When the "Kaiser's Goat" which sold at the East Wayne auction, was brought into this city Wednesday evening, the proud owners led the animal in to The Herald office and it proceeded to stay its hunger by devouring the contents of the waste basket. When it would eat no more, Col. Scott suggested that in all probability it had gotten hold of some German propaganda consigned to the waste basket, and suggested that it be given something more patriotic to devour. A paper Liberty Bell was offered and Mr. Minshall took it with ravenous appetite.

"That goat's all right, and can't be beaten for patriotism!" declared Col. Scott as he led the goat forth for a stroll about town before it was consigned to the tender mercies of Col. Minshall to be taken to Sedalia for the present time.

The two auctioneers expect to take the animal to Columbus in the near future, and sell it to obtain funds to help the orphaned children of France.

The Dinner a Big Success

The women of Wayne township shared royally in the days successes. The dinner they served was a gastronomic triumph, in which skillful cooks had outdone themselves and gotten together a feast of good things that brought out willing "free will" offerings.

There was delicious hot chicken, and noodles, every kind of salad, baked beans, cottage cheese, real cream and golden butter, jellies, jams, pickles, every variety of pie—and many other tempting viands, served in cafeteria style and most bountifully.

The dinner cleared \$313.35 and also put everybody in the best of humor for the sale to follow.

It was splendidly managed, the committee, Mrs. Chas. McLean, chairman, Miss Ruth Junk, vice chairman, finding many other women of the township rendering capable assistance.

The teachers and pupils of the Cisco school also were very helpful. The room were perfectly arranged and showed the pupils work and pretty decorations.

The Domestic Science classes baked a number of the cakes for the auction and they were highly creditable to the young girls of these classes.

A "Golden egg" reposing in an elaborately decorated basket, sold time after time until it had brought a total of \$20.

A span of mules donated by Chas. Persinger brought \$350. Cattle sold as high as \$116 per head. A Ewe and two lambs brought \$95. Hogs sold as high as \$80 per head. A colt brought \$100. Corn sold at \$1 to \$1.35 per bushel. Potatoes brought \$1. to 1.50 per bushel. Eggs \$25c to 45c per dozen.

A cake, bearing the name of Capt. O. E. Hardway was disposed of for \$9. Farm produce generally, such as canned goods, etc., sold reasonably well.

The women who had charge of the lunch stands cleared \$318.

The last three hours of the sale the rain was falling, driving many to

shelter and others departing before the sale was more than half over. Had the weather been ideal, the proceeds would have been much higher. However the sale is regarded as a tremendous success, and an event to which East Wayne township citizens can always recall with a great deal of just pride.

The men of Wayne township made splendid showing in the willingness with which they "put their shoulders to the wheel" in donations and service.

Mr. Charles McLean as chairman of the Executive Committee put an amount of personal effort and ability into the management that was a big factor in the success of the auction, and was ably assisted by the members of his committee, Virgil Bryan, O. T. Smalley, C. B. Sessler Secy, Chas. Clifton, Treas., Robert Elliott, John Rowe, Dave Hegler, Louis Parrett Willard DeWitt.

The clerks, Chas. Clifton and A. J. Kearney, were assisted by County Treasurer, A. W. Duff, assistant Postmaster, Glenn Rodgers and Walter D. Craig.

WONDERFUL OLD-TIME PROPHECY

The following—one of the most remarkable of the many, so called war prophecies—appearing in the Columbus Citizen, some days ago, was contributed by a Mrs. E. B. of Springfield, Ohio.

Read it because it is really worth while.

The following prophecy was taken from an old manuscript of the year 1701, which was found after breaking down the walls of an old monastery dedicated to the holy. It was written by a fugitive monk and because of its prophetic contents was framed and hung up in the Council Chambers of the Wismar.

"O Lord, have mercy with Thy people who are turning away from Thee more and more; they destroy Thy cloisters and annihilate Thy sacred societies, they appropriate power to themselves and make this subject their own purposes. In time when the Holy See is vacant, Europe will be visited with terrible calamities, malice, hatred and baseness will excite a few, the assassination of a prince will start a widespread conflagration.

"Seven empires will arise against one bird with one and another with two heads; the birds will protect themselves, with their wings and talons they will defend themselves. A prince from the midst will mount a horse from the reverse by a wall of enemies, the monarch's motto will be: 'With God Forward.'"

"The vehicles will rush along without horses and fiery dragons will fly thru the air and throw fire and sulphur on cities and towns and destroy them. The people will hear the warning of God, and God will turn away his fear.

"Three years and five months the riot will continue; time will come when you can neither buy nor sell, the bread will be marked and divided.

"The seas will be red with blood and men will dwell on the bottom of the sea and watch for their prey. The war will commence when the ears of grain bend down with ripe fruit and will climax when the cherries ripen for the third time, and peace will be established at Christmas time."

This prediction, written 216 years ago, has so far been fulfilled in a large degree and I thought it would be of interest to many of your readers.

ATTENTION COMRADES

Regular meeting of John M. Bell Post No. 119 Saturday, April 27, 1918 at one thirty p. m. All comrades requested to be present at this meeting business of importance to come before the post. By order of

Trade at C. L. McClure's Cash Grocery, corner Willard and Elm St. 94 16

TESTED RECIPES FOR WAR TIME

Corn Flour and Wheat Biscuit

2 cups corn flour; ¾ cup wheat flour; 6 teaspoons baking powder; 1 teaspoon salt; 3 tablespoons fat; 1 cup milk.

Corn Flour and Rolled Oats Biscuit

1-3 cups corn flour; 1 cup ground oats; 6 teaspoons baking powder; 1 teaspoon salt; 3 tablespoons fat; 1 cup milk.

Sift dry materials together. Work in fat well. Combine liquid and dry materials, handling lightly. Roll or pat one-half inch thick and cut in biscuit. Bake in hot oven. The ground oats in the last recipe are prepared by putting rolled oats through the food chopper. All measures are level. In measuring the baking powder, level the spoon with knife. Drop biscuit require less baking powder than rolled biscuit.

Barley Spoon Bread

3 tablespoons drippings; 4 cups boiling water; ¼ teaspoon salt; 1 cup barley meal; 2 or 3 eggs.

Put fat in boiling water, sprinkle in barley meal, stirring constantly. Cook in a double boiler one hour, cool and add well beaten eggs. Turn into greased dish and bake in a moderate oven 3-4 hour.

Barley Pudding

5 cups milk; 1-3 barley meal; ½ cup molasses; ½ teaspoon salt; 2 tablespoons sugar; 1 teaspoon ginger.

Salt the milk, pour this on the meal and cook in double boiler 20 minutes; add molasses, salt, sugar and ginger. Pour into greased pudding dish and bake two hours in a slow oven. Serve either hot or cold with top milk.

The man who refuses to buy Liberty Bonds will deserve all the Hun

RAISE FOR CANNING

Help to feed the soldiers next fall by raising corn, peas and tomatoes for canning.

Every farmer who is within hauling distance of a canning factory should grow a small crop at least of these products. Every war gardener should raise enough for home consumption in order to allow the factories to supply the demand for the army and our allies and to relieve transportation.—Ohio War Board.

WOMEN PROMPT IN DOING SHARE

(Associated Press Correspondence) London, April 15.—With women taking the place of men workers, conditions in many parts of the country are undergoing a remarkable change. This is most noticeable in parts where women land-workers are making their homes.

The Women's Institute is largely responsible for the movement which is gradually revolutionizing village life, making it more attractive and stimulating a sense of citizenship. In conjunction with the Food Production Department preliminary meeting is called which elects a democratic committee representing farmers' wives, cottagers and landed women, who thereafter manage affairs, arranging for monthly social gatherings where useful lectures are given, exhibitions of housecraft or gardening skill held, and old, treasured recipes and household hints exchanged.

Several hundred villages already have their committees and the Food Department is inundated with demands for organizers and lecturers. hands him.

A Liberty Bond is a vied passport of patriotism.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

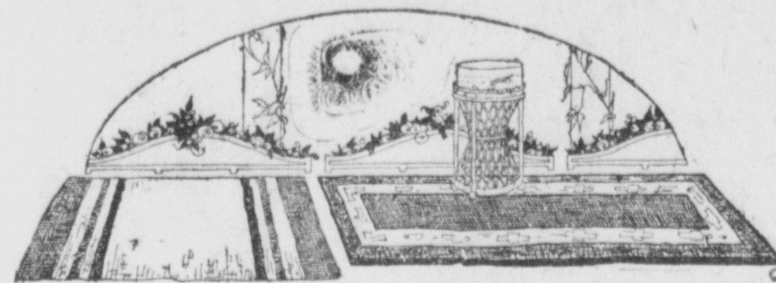

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

If You are Hesitating In the Matter of Selecting Rugs Get Busy Now

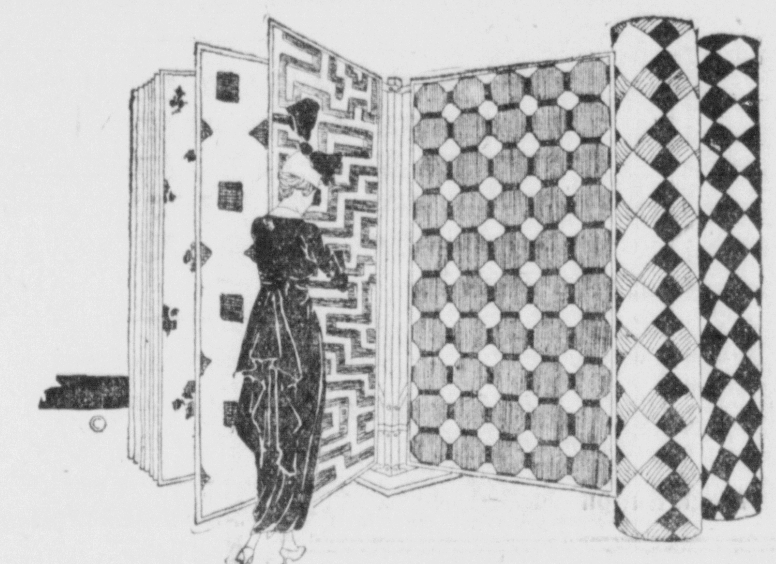

There is every indication that the prices of rugs will advance sharply in the very near future.

This condition coupled with the fact that desirable rugs are hard to get, makes it quite evident that to be able to select from such a stock as we are showing, is a real privilege.

Room Size, Extra Room Size and a variety of sizes in small rugs in many grades

Linoleums In two, three and four yard widths. Inlaid Linoleums in many designs.

CRAIG BROS

BUYING WOOD

By Associated Press Dispatch.

Chillicothe, O., April 25.—That citizens will not be caught unprepared next winter, Ross county has a campaign on to encourage the buying of wood for fuel instead of coal, and to purchase it early. P. J. Blosser is the official in charge.

A GOOD FRIEND

A good friend stands by you when in need. Washington C. H. people tell how Doan's Kidney Pills have stood the test. Mrs. J. J. Cramblett of 474 S. Fayette Street, Washington C. H. endorsed Doan's four years ago and again confirms the story. Could you ask for more convincing testimony?

"I was all run down and I had to give up my work," says Mrs. Cramblett. "An attack of lumbago left me helpless. My back ached and it pained me so much I could hardly bend over. My kidneys showed many signs of weakness. I couldn't sleep well and mornings, I could hardly get out of bed. My head ached and I had such dizzy spells, I could hardly walk. I was nearly a physical wreck. I got a box of Doan's Kidney Pills and they put me in good health." (Statement given July 31, 1913.)

On August 7, 1917, Mrs. Cramblett said: "I am glad to recommend Doan's Kidney Pills again. Whenever I notice any symptoms of kidney trouble coming on, I use Doan's and soon get fine relief."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cramblett had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Adv.

Social and Personal

Palms and a silk American flag formed attractive setting for the marriage of Miss Anita Plymire, daughter of Mr. and Mrs. Frank Plymire, to Sergeant Ralph Auch, son of Mr. and Mrs. Henry Auch, of Chillicothe, at four thirty Wednesday afternoon at the Presbyterian church. Rev. Wm. Boynton Gage performed the ring ceremony.

Just before the ceremony Miss Mazie Kessler, violinist, and Miss Lillian Davis at the organ, played effectively "Love You Truly" and "Perfect Day" summoning the young couple with Lohengrin Wedding March and McDowell's "To a Wild Rose" during the ceremony.

Messrs. Wilbur Moots and Carl Schreiner of Good Hope ushered.

The bride and her maid, Miss Dorothy Plymire, were met at the altar by the groom and best man, Mr. Cliff G. McCormick, of the Engineers Reserve Corps of the University of Cincinnati. He is a fraternity brother of the bridegroom.

The bride a decided blonde was never prettier than in her wedding dress of white Georgette featuring the new Chinese sleeves and square neck, with Baby Irish trimmings, white droopy hat of Georgette infolds, with shoes and gloves ensuete. She carried a shower bouquet of Ophelia roses, sweet peas and forget-me-nots.

The maid, the bride's sister, was becomingly gowned in white silk net, made with draped skirt, and pink satin bodice, with pink tulle transparent hat. Her bouquet was of pink sweet peas and snap dragon.

Following the ceremony an elaborate four course dinner was served at the bride's home. Seated with the bride couple were the bride's parents, groom's parents, and the bride's grandparents, Mr. and Mrs. Wm. Plymire.

A beautiful basket of snapdragons and primroses adorned the center of

the table. Each plate was marked by a small American flag.

The bride graduated in the Thomas Training School at Detroit, Mich., and has since been dietitian at Cragnor Sanitarium at Colorado Springs, Colo. and dietitian at Grace Hospital. She was to have been engaged as head dietitian at the Tubercular Hospital, Chillicothe, but for the change of the young couple's plans owing to his expected transfer. Sergt. Auch graduated from the Officers Training Camp at Camp Sherman last Saturday. Graduating from the University of Cincinnati in Chemical Engineering, he entered the Cincinnati Law School, from which he enlisted. He is an unusually popular fellow, a member of the Sigma Delta Pi and Alpha Chi Sigma fraternities.

The bride's going away costume was a strictly tailored suit of blue serge with black hat, white aigrette trimming with rose facing and white voile blouse.

Sergt. and Mrs. Auch left amid a shower of good wishes on the 6:14 for Cincinnati, where they will spend several days at the Hotel Sinton.

The out of town guests included: Mr. and Mrs. Henry Auch, Mrs. Lucy Schmidt and son Paul, Mr. and Mrs. John Swartzelger, Dr. and Mrs. Franklin of Chillicothe, Mr. and Mrs. Chas. S. Schreiner, daughter Miss Maree and son Carl of Good Hope, Mr. and Mrs. Stein of Chillicothe.

Tickets for the Community Dances are selling well and everything points to a most successful opening dance Friday night at the Eagles' hall.

A number of society people from other cities are planning to attend and a number of uniforms will add a military note.

Dancing begins at 8 o'clock.

Mrs. Fred M. Mark delightfully entertained thirty little girls Wednesday afternoon, honoring the sixth birthday of her winsome little daughter, Mary Louise.

The rooms presented a pretty scene with the tots all in white frocks, with var-colored ribbons, and as happy a group of children as ever assembled.

After a peanut hunt and all kinds of games, a dainty luncheon was served.

There was a beautiful birthday cake, on which burned six yellow candles and the children were greatly pleased with the favors, tiny blue baskets, filled with candy.

Assisting Mrs. Mark in entertaining the children were mesdames T. M. Saxton, Harold Inskeep, Martin Hughey, Miss Ada Woodward, Nelle Mark and Dorothy Jones.

Miss Zoe Colaw delightfully entertained thirty-five young people Wednesday evening at her country home on the Wilmington pike in honor of Walter Engle, who leaves Saturday for Camp Sherman.

In an amusing contest, Allen Henkle won the prize; games and music also added to the evening's pleasure. Delicious refreshments were served.

Mrs. Warner L. Southard is spending the day in Mt. Sterling.

Mildred Flee, accompanied her uncle Mr. Dan Flee back to Columbus, Thursday, for a visit.

Mr. A. L. McCrea and family moved Wednesday from the Hays property corner North and Cherry streets to the D. Q. Nevin house on Cherry street.

Jack Orr is spending the day with his grand parents, Mr. and Mrs. Aus Kennedy at the home of Mr. and Mrs. John Boyer at Rock Mills, before leaving for Camp Sherman, Saturday.

Mesdames William May, Paul Palmer, Minnie Long, W. B. Hershey and Miss Grace Waly motored to Sugar Grove, Wednesday evening, to the Sunday School convention for supper.

Mrs. O. B. Patterson is spending a few days with relatives and friends in Columbus.

Miss Nina Parler is spending the day in Xenia with her brother Mr. Lawrence Parler.

Miss Mabel North is visiting relatives in Sabina.

Mr. Ray Maynard was a business visitor in Cincinnati the past two days.

Miss Bertha Larrimer, of Bloomingburg, is the guest of Miss Ruth Mark to attend the County Sunday School Convention.

Mrs. A. M. Brown is spending the day in Sabina.

Rev. J. L. McWilliams, of Wilmington, and Mr. Sam Steele, of Chillicothe, were the guests of Mr. and Mrs. Austin E. Hopkins, Wednesday and motored over with Mr. Hopkins to South Salem to attend a meeting of the Board of trustees, of Chillicothe Presbytery. Mr. Hopkins is President of the Board.

Miss Margaret Fullerton, of Columbus, is at the home of her parents, Mr. and Mrs. Frank M. Fullerton suffering an attack of tonsillitis.

Mrs. J. E. Sands and daughter, Marion, arrive this evening from Louisville, Ky., to visit Mrs. Sand's mother, Mrs. Martha Gallup and sister, Mrs. E. N. Holloway.

Mrs. Hays Dill and little son, Howard, are visiting Mrs. Dill's parents, Mr. and Mrs. Frank E. Haines of the Creek road, to attend the County Sunday School Convention.

Mr. George Osborne is home from a business trip through Pennsylvania.

Mr. Wm. F. Jefferson, of Bloomingburg, was called to Camp Custer, Mich. Wednesday evening by a telegram announcing the serious illness from pneumonia of his son, Second Lt. Elliott Charles Jefferson, at the Base Hospital. Lt. Jefferson came home from Petersburg, Va. last week for a ten days leave of absence, but was called to Camp Custer the day after he arrived. He was ill when he left here.

Mr. Homer Hutson was a business visitor in Cincinnati this week.

Mr. and Mrs. D. W. Jones, of Oak Hill, were the guests of Mrs. Austin E. Hopkins the past two days.

Mr. and Mrs. H. W. Willis go to Mt. Sterling this evening to attend the Musical Festival given by the Twentieth Century Club of which Mrs. Willis is a Charter member.

Joseph McDonald came over from Dayton Thursday to spend several days with his brother Sergt. James McDonald.

Carl Bishop, who has been visiting his parents, Mr. and Mrs. Will Bishop for two weeks, leaves Sunday, with the Evansville contingent for Camp Taylor, Louisville, Ky.

SOUSA'S BAND TO BE HERE NEXT WEEK

Chairman C. P. Ballard of the Fayette County Liberty Loan Committee announced Thursday afternoon that Sousa's Great Lakes Naval Training Station Band, of 100 pieces, had been obtained for a concert in this city Friday night of next week, when a big patriotic rally will be held.

If the weather permits the famous bandmaster's organization from the biggest naval training station in the world will give a free concert on the court house lawn, should the weather not permit the concert will be given in Memorial Hall.

This wonderful organization is making a tour of this part of the United States at the present time, and appear in Xenia on the same day that it comes to this city.

It is expected the big band will attract the largest crowd ever assembling in this city for a band concert.

In addition to the band there will be short patriotic speeches by a number of well known public speakers.

The event is expected to be a rousing one.

Mrs. Henry Hansensten who has been the guest of Mrs. V. P. Smith, returned to her home in Cincinnati, Wednesday night.

Mr. A. P. Shalley, arrived from Toledo Wednesday to attend to business in this city.

Mr. L. W. Buckmaster, City Passenger Agent of the Hocking Valley railroad came down from Columbus Thursday morning to attend the funeral of Mrs. L. C. Mallow.

Miss Lulu Dunlap returned, Wednesday night from a visit at Ft. Thomas, Ky.

Mr. and Mrs. William Woodrow and daughter, Marion, of Chillicothe were the guests of Mr. and Mrs. Charles McLean to attend the Wayne township auction.

Mr. Hiram Rodgers and son Mr. Will A. Rodgers were business visitors in Chillicothe, Wednesday.

Mrs. Josephine Doddridge and Mrs. Harlan Allen, of Milledgeville attended the funeral of Mrs. L. C. Mallow, Thursday.

THIRD CAR CORN ORDERED FROM PA.

The third car of Pennsylvania corn has been ordered by a few of Fayette county's enterprising citizens who realize the seed corn shortage and wish to do all in their power to relieve it, and when the corn arrives it will be disposed of to those who first place their orders.

The corn is not shipped by government agents, it is understood, but will be from the same community as the two previous carloads. It will be shipped by express so that it will arrive in time to plant.

Tests just completed of some of the corn recently received from Pennsylvania, show 70 percent germination. The test was made by Supt. O. S. Nelson from samples submitted by P. P. Cline, of Selden, who obtained 45 ears at random.

Sixteen of the ears showed 100 percent germination; nine ears, 80 percent; seven ears 60 percent; three ears, 40 percent; two ears 20 percent, and three ears were worthless for seeding purposes.

IMPORTANT MEETING OF WOMEN'S COUNCIL

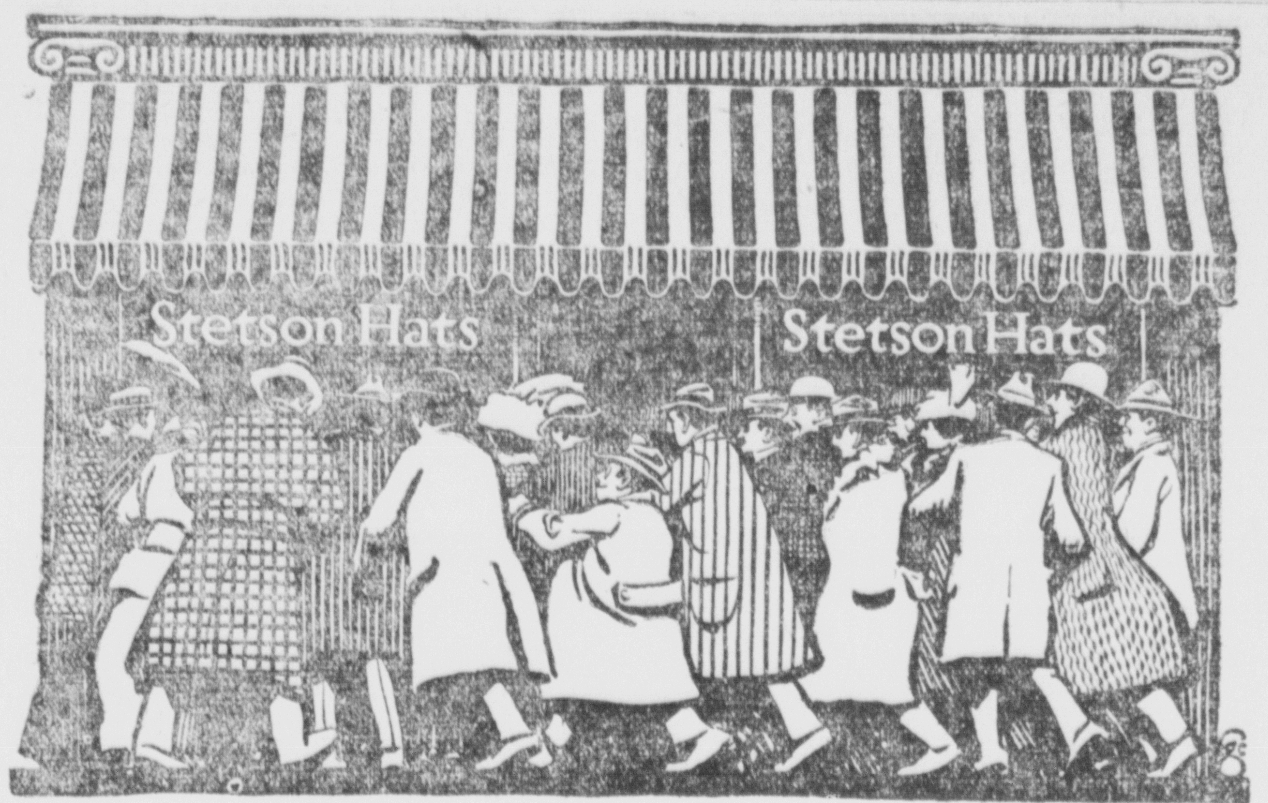

There will be a meeting of the Women's Council of National Defense, Saturday afternoon at two o'clock in the Federated Club rooms in the Y. M. C. A. building.

Newly elected officers of all the townships are asked to be present at this important meeting.

INFANT CHILD IS BURIED THURSDAY

Mr. and Mrs. Thos. Wilburn have the sympathy of many friends in the death of their two-weeks' old daughter, Wednesday morning at their home on the Plymouth pike. Burial was made at 2:00 p. m., Thursday in the Milledgeville and South Plymouth cemetery.

The man without a bond must have that "without a country" feeling pretty strong.

STETSON HAT EXHIBITION EXTRAORDINARY

Interesting and Educational
Showing Different Stages in Hat-Making
One of the Greatest Hat Displays Ever Made

If you have never been through a hat factory you have no idea how interesting, how much there is to the making of a hat.

This wonderful exhibit presents the fourteen operations in the making of a Soft Hat—and the sixteen operations on a Stiff Hat. It shows how the elegant imported furs look before and after they are treated, and how the cut fur is made into felt—how a hat looks before it is shrunk, and afterwards—how it is blocked and shaped—the whole process from "A to Z."

INTERESTING STETSON FACTS

Over 5400 people are employed at the STETSON factory in Philadelphia where every part of the hat is made. Over 40,000 pounds of raw silk were converted into ribbon for hat bands and bindings last year. 367,000 sheepskins were made into sweat bands. 850,000 pounds of fur were cut from 11,000,000 skins which were imported direct. Even the paper hat-boxes are made by STETSON—requiring over 903 tons of box-board last year. STETSON has an auditorium seating 6,000, lunch rooms and a hospital for their employees; also a Savings Bank. STETSON workers are happy workers—they like their work and take pride in the fact that STETSON Hats have won first prize at every World's fair where these world-famous hats have been exhibited.

Stetson Hats are widely distributed all over the world. Men in every clime, of every tongue and every station in life wear Stetsons—because Stetson makes the hat that is always dependable—that offers a selection wide enough to satisfy every man's taste.

There isn't an authentic style, in color, shape, weight or finish that isn't presented first and best in a Stetson.

And you'll find the widest selection and most expert help in choosing at our store.

CRAIG BROTHERS

RED CROSS ACTIVITIES

Mrs. E. F. Todhunter will be in charge of the Daughters of the American Revolution Red Cross Unit, assuming the management on Friday afternoon, the regular meeting day of this Unit.

Mrs. J. J. Flynn, a competent instructor has had supervision over the Units work her contemplated removal to Dayton making her resignation necessary. Mrs. Todhunter, an active daughter and capable Red Cross worker, is well fitted to step into the position.

JASPER TOWNSHIP MEETING GOOD ONE

The meeting held by the main committee of the Fayette County War Work Council, in the interests of the War Chest campaign, at Milledgeville, Wednesday night, was a good one, although the weather somewhat reduced the attendance.

Hon. J. D. Post delivered the chief address of the evening, giving a careful review of the war which was an eye-opener to many who heard him, inasmuch as it shows that the war largely has been won, up to the present time, by the Boche hordes and not by the allies.

Chairman M. S. Dagherly also spoke briefly, upon stating plainly just what is expected of all loyal citizens when the war chest drive is launched.

The 100 persons present caught the enthusiasm of the meeting, and there is every assurance that they will do their part.

A man without a conscience is very likely to be a man without a Liberty Bond.

Help hinder Hindenburg. Buy a Liberty Bond.

HOME GUARDS
The Home Guards of the Methodist Church will meet in the Epworth League parlor on Friday afternoon, April 26th. All members are requested to be present.

WANTED—Farm hands, firemen, fireman helpers, carpenters, machinists, laborers and domestics. Apply Free Employment office Court House. 98 12

The Third Drive

The third great German drive, or the third and possibly (depending on developments, of course) the last phase in the present great battle in France and Flanders, was launched Tuesday night and Wednesday morning.

The general attack began on a front of twenty-five miles with the positions around Amiens, the important British railroad center, as the chief immediate objective. The present drive, like its predecessors, was launched against the British lines in a desperate renewed attempt to break the junction between the British and French armies.

It has been clear for some days that the Germans could not remain in the positions occupied at the close of the second drive. It was up to the Huns to move out of the precarious positions in which the final "stiffening" of the British lines halted them. It was either a retreat or a forward movement, so that the launching of the third offensive did not come as a surprise either to the allied commanders or to the people of the allied nations.

During the lull which has followed the second attack the British and French have very markedly improved their defensive positions in anticipation of the attack which is now begun.

Of course, while the plan of the allied commanders, yet undisclosed to the public, is unfolding there will be many anxious hours and days during which we can only be patient and confident of the outcome.

We must again call upon our reserve store of confidence, be prepared for delays and, perhaps, some reverses, but during all maintain our faith in the gallant soldiers in freedom's battle line.

Japan Again

The refusal of Great Britain and Japan to allow the irresponsible Bolsheviki authorities to remove any part or all of the vast stores of ammunition now at Vladivostok is assuredly a proper one.

Happenings at Vladivostok during the last two weeks and especially this latest development, have given new cause for speculation as to just why Japan is held back by the allies while Germany goes uninterruptedly along with her organization in Russia.

To have allowed the Bolsheviki and Lenine, who knows exactly what he is doing and, unfortunately for the world, has been permitted to do his work, to remove the vast stores of ammunition, American made and Japanese made, from Vladivostok to European Russia would have been the height of suicidal folly.

We must presume that there is some good reason for compelling Japan to keep hands off in Siberia, but it is difficult for the people of the Entente nations to discover just what that reason is in view of developments.

Certainly no feared Japanese complication could be worse than the actual menace which treacherous German control now presents.

The Japanese are far to be preferred in Asiatic Russia to the Germans, no matter what developments the future may bring.

Let's Keep Cool

No loyal American will argue that the nation's policy in dealing with spies and disloyal men and women should be a lenient one. There is no more dangerous, no more dispicable creature than the spy or the disloyal man or woman.

American people have been restless and impatient at times and have urged that the government has been too lenient in its treatment of spies and those who are as disloyal and as dangerous as the spy but who are careful to stay on the safe side of the line beyond which if they go they would be guilty of treason.

In not a few instances people have taken the law into their own hands and dealt out summary punishment to guilty individuals. Government officials have not been unmindful of the demand of the people for a more drastic policy in dealing with those guilty of disloyal acts or speech.

The latest suggestion that jurisdiction in such cases be given to the military authorities, however, is out of all proportion to the spy menace.

The spy menace is not so acute that civil authorities cannot deal with it if they are armed with a little more legal authority and a more severe penalty is provided.

The nation has not been quick to get under full headway in the work of war, but it is aroused now and being fully aroused it is well to exercise caution lest we go too far in our domestic affairs.

Poetry For Today

WHAT DID YOU?

When the war has been won,
When our duty is done,
When our sailors come sailing the
foam;
When our men of the air
And the guns over there
All the Nation is welcoming home;
They will come to your door;
The young winners of war,
They will look you up, over and
through,
And in word, or in thought,
They will ask, like as not:
"Well, we did quite a lot—
What did you?"

When the years have gone by,
And the pages are dry
That the story of struggle record;
With democracy sure,
When we're living secure
In the strength of our soul and our
sword—
In that glorious time
To your knee there will climb
Then a boy, or a girl, or the two,
And will say "Some were brave
On the land and the wave,
Some their everything gave—
What did you?"

Or it may be at night
You will sit by the light
Of a fire in a home that is free,
You will sit all alone
Neath a roof of your own
In some year of the future to be,
And a voice down inside
Will say, "Some of them died,
Or they suffered their duty to do,
And the ones who could not
Gave their all, gave a lot,
Gave their money—say, what,
What did you?"

—Selected.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

Stop Corn Agony In Four Seconds

Use "Geta-It"—See Corns Peel Off!

The relief that "Geta-It" gives from corn-pains—the way it makes corns and calluses peel off painlessly in one piece—is one of the wonders of the world. The woman in

"Get Me 'Geta-It' Quick! It Eases Corn Pains and Makes Corns Peel Right Off!"

the home, the shopper, the dancer, the foot traveler, the man in the office, the clerk in the store, the worker in the shop, have today, in this great discovery, "Geta-It," the one sure, quick relief from all corn and callus pains—the one sure, painless remover that makes corns come off as easily as you would peel a banana. It takes 2 seconds to apply "Geta-It"; it dries at once. Then walk with painless joy, even with tight shoes. You know your corn will loosen from your toe—peel it off with your fingers. Try it, corn sufferers, and you'll smile!

"Geta-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store.

SIGNAL CORPS REORGANIZED

Washington, April 25.—Direction of the army's great aircraft production program has been placed in the hands of a civilian, John D. Ryan, copper, railroad and mine owner.

Secretary Baker announced the step, disclosing at the same time a reorganization of the signal corps, under which the aviation section virtually is divorced from the corps proper, heretofore supreme on all questions. With actual production turned over to a civilian division headed by Mr. Ryan, Brigadier General William L. Kenly is made chief of a new division of military aeronautics to control training of aviators and military use of aircraft.

Major General Squier, chief signal officer, will confine his activities in the future to the signal branch. Howard Coffin, chairman of the aircraft board and under whose direction the building program was brought to its present stage, retires from the board and relinquishes the chairmanship to Mr. Ryan. The aircraft board itself, created by congress, will continue as an advisory body.

Throughout all the agitation over delays and mistakes in getting quantity production of aircraft under way, all critics have agreed that the great fault lay in the absence of concentrated control. The power of Mr. Coffin and the board was subject to the signal corps, and this divided responsibility has been blamed largely for the fact that the program is about three months behind.

Mr. Coffin himself made the only official comment on the reorganization. He said: "The appointment of a single individual with definite and adequate power to deal with all aspects of army aircraft production is a logical and necessary step. It is necessary to get away from any question of a division of responsibility, either in fact or in the public mind. The aircraft board remains as since its creation in October, an advisory body; but under this new arrangement the chairman of the board becomes also the supreme executive agency."

CAR MEN ISSUE THEIR ULTIMATUM

Toledo, April 25.—That streetcar men here will strike quickly unless their demands for a wage increase of ten cents an hour are conceded, was the statement made by labor leaders at a conference among representatives of men and the company with Mayor Schreiber. The mayor said flatly he would stand for no increase in fares. The company had announced that it would be necessary to boost fares from six for a quarter to eight cents straight if the men's demand are to be met. The men's demand has been pending several months. Their leaders said they would have voted a strike last week had their officers not counseled delay until after the meeting, which was without definite result.

OHIO NEWS

Charge Against Editor.

Cleveland, April 25.—Edward Karl Fischer, former editor of The Waechter and Anzeiger, Cleveland German language daily, was arrested on a presidential warrant, charging him with being "dangerous to the peace and safety of the United States."

Cox on Liberty Loan Day.

Columbus, April 25.—In advocating the widest possible observance of Liberty Loan day tomorrow, Governor Cox advises that certain industries, engaged in war work, do not close. Individual cases should be studied by responsible agencies, he suggests, and action taken in the best interests of war preparation.

Columbus Gets Dairy Show.

Columbus, April 25.—The annual national dairy show will be held in Columbus again next fall. The dates are Oct. 10 to 19. This was definitely decided at a conference of representatives of the show association with committees from the chamber of commerce, state board of agriculture and Ohio State university.

Kennedy Shows Improvement.

Columbus, April 25.—Suffering from a complication of troubles, General R. P. Kennedy, 78, of Bellefontaine, known as "Fighting Bob" in his active years in Ohio politics, is in Mt. Carmel hospital here. He may have to undergo an operation, but his condition is said to have improved since his arrival here. General Kennedy, who was lieutenant governor under Joseph B. Foraker, served a number of terms in congress.

Economy Urged In Use of Sugar.

Columbus, April 25.—Ohio consumers are urged to economize to the utmost in the use of sugar, so that there will be a sufficient supply for the canning season. The federal food administration has advised State Food Administrator Croxton that after considering the inventory of the sugar in this country and the amount expected from Cuba, it has been found that rigid economy in the use of this commodity must continue to carry the country over the sugar season.

COUNTY BRANCHES

Columbus, April 25.—Creation of a branch of the state council of defense in each county of Ohio, which will lend its organized assistance to any war service organization is outlined in a report submitted to Governor Cox by Dr. C. E. Sawyer of Marion, Miss Lucia Johnson of Cleveland and James W. Faulkner of Columbus, representing a special organization committee of the council. As no existing activity will be interfered with, all organizations will continue to perform duties now assigned to them. The organization of the various counties will be undertaken under the direction of a chief of staff who will be named by the governor, and who will have headquarters in this city.

DALE--On the Alley.

LARGE CROWD ATTENDS ANNUAL S. S. CONVENTION

The annual Fayette County Sunday School Convention, opened Wednesday afternoon at Sugar Grove church, with the President, Charles R. Lyle, in charge.

It was the largest opening session of the annual convention in years and everything moved off with splendid spirit. During the sessions of Wednesday and Thursday the fifty-nine schools of the county were well represented in both delegates and visitors attending.

Both afternoon and evening programs were exceedingly good, inspiring to further efforts in the line of Sunday school work.

Mrs. Laura York was song leader, the audience joining heartily in the singing of patriotic songs.

Rev. Rose, of Staunton, conducted the devotionals of the afternoon, emphasizing the meaning of prayer.

Mr. Arthur T. Arnold, general secretary, was the chief speaker, making a heart to heart talk on Sunday school work and urging the importance of standing together, of securing efficient leaders and of holding frequent conferences.

Dr. Cary Persinger, from large experience as superintendent of the First Presbyterian Sunday school of this city, made a splendid little talk on "Modern Methods used in Our School." He advocated closer personal association between teachers and pupils, variety in opening exercises, and spoke on the social side of Sunday School life and the teachers' council.

Rev. T. C. Kerr, of the Bloomingburg Presbyterian church made a good talk on "Teacher's Training."

The remainder of the meeting was turned over to reports.

The evening session was opened with the singing of "America," and prayer by Rev. Chas. Pfaltzgraf.

Rev. C. E. Turley, military pastor of Chillicothe, delivered a most interesting address on Camp Life. He brought with him Sgt. Trosper, of Camp Sherman, a talented young impersonator, who had willingly sacrificed his career in the cause of patriotism. Sgt. Trosper gave a number of readings to the intense enjoyment of his audience.

Mrs. Hayward King sang beautifully, "Keep the Home Fires Burning."

The Sugar Grove women served a most appetizing supper at the church Wednesday night and dinner on Thursday.

"DODGING A MILLION" HAS REVIEW OF NEW AND EXPENSIVE GOWNS

It has long been a habit in the theater to write plays for the express purpose of exhibiting gowns; and it rarely happens that a play including a fashion revue has not lost its plot in mazes of crepe de chine. But a play that includes a fashion revue with every garment up to the minute and the plot of which survives the distraction because it is so full of what is known technically as the "punch" is "Dodging a Million," the new Goldwyn starring vehicle of Mabel Normand which is to be seen at the Colonial Theater tonight, tomorrow and Saturday.

The plot of "Dodging a Million" is so constructed that much of its early action takes place in the shop of a fashionable modiste; and here is shown a dazzling array of the latest examples of the couturier's art. It is said that the gowns exhibited are valued at more than a million dollars; and that million is not the one referred to in the title, either.

A well known Fifth Avenue fashion-maker co-operated with Goldwyn in making the part of the play that deals with his profession. A setting was constructed by the technical department that duplicated one of his show-rooms, revolving model stands and all; and here the artist and the young women who assisted him displayed the finest gowns procurable. It is safe to describe the resultant film as literally a feast to the feminine eye, the masculine eye being taken care of in the filling of the gowns.

Throughout the period that the large number of gowns were housed in the studio, the regular night watchman had company, for a special watchman had been engaged to guard the collection of sartorial splendor. The gowns were brought to the studio over the river from New York by a band of eighteen special messengers, this mode of transportation being deemed safer than auto truck. It is said that the clothes were insured heavily against loss by fire, theft or other calamity.

Liberty Bond Facts

That Will Interest You

\$3,000,000,000.00

UNITED STATES GOVERNMENT 4 $\frac{1}{4}$ PER CENT BONDS
[Third Liberty Loan Issue]

Liberty Bonds are secured by the entire resources and credit of the United States of America and are a direct obligation of the richest nation in the world.

Principal and interest are payable in United States gold coin and bear interest from May 9, 1918. The Bonds are due September 15, 1928 and will not be redeemed sooner.

Amount

This Third Issue of United States Liberty Bonds calls for a subscription of \$3,000,000,000.00 and the Government reserves the right to issue the full amount subscribed.

Denominations

Third Liberty Bonds will be issued in denominations of \$50, \$100, \$500, \$1,000, \$5,000, \$10,000 for Coupon and Registered Bonds. Also in Registered Bonds of \$50,000 and \$100,000 denominations.

Interest

The rate of interest is 4 $\frac{1}{4}$ %; the first coupon is payable September 15, 1918, and thereafter the interest is payable semi-annually by coupon until maturity or, in the case of the Registered Bonds, by check from the Treasury Department at Washington.

Tax Free Features

- Third Liberty Bonds are exempt as to principal and interest from all taxes now or hereafter to be levied by any Municipality, County or State within the United States or any of its possessions except inheritance tax. They are also exempt as to principal and interest from all taxes now or hereafter to be levied by the United States Government—except the inheritance tax, income surtax, excess profits and war profits tax.
- Interest on an amount of Liberty Bonds issued since September 24, 1917, and Treasury Certificates issued since September 24, 1917, including Conversion Fours, the principal of which does not exceed Five Thousand Dollars, owned by any one individual, partnership, association or corporation, is free from all taxation whatsoever, except the inheritance tax.
- The Bonds are not subject to the Undistributed Profit Tax of 10%, which applies to the undistributed net income of any Corporation, Joint Stock Company or Association or Insurance Company, remaining in its possession six months after the close of its fiscal year and not employed in its business.
- Third Liberty Bonds can be included in the item "Invested Capital" as this item applies to the War Excess Profits Tax. Under the War Excess Profits Tax, "Invested Capital" does not include Stocks, Bonds (other than obligations of the United States), or other assets, the income from which is not subject to the tax imposed by the War Excess Profits Tax.

Inheritance Tax Payment

The United States Government will accept at par and accrued interest, Third Liberty Bonds in payment of inheritance taxes up to any amount, provided they have been owned by the person six months previous to the date of death.

Conversion Features

Bonds of the First Loan, bearing 3 $\frac{1}{2}$ % interest, of the Second Loan at 4%, and First Loan Bonds which were converted into Second Loan may all be converted into this Third Issue of Liberty Bonds. But Third Liberty Bonds will not be convertible into any future issue.

Sinking Fund

There will be established by the United States Government a Sinking Fund of 5% annually for the duration of the war and for one year thereafter with which to purchase Bonds of the Third Liberty Loan. This Sinking Fund will apply not only to the new Third Liberty Bonds but also to Second Liberty Bonds and Bonds issued upon conversion of Bonds of the First Liberty Loan.

Purpose of Issue

The Third Issue of Liberty Bonds is for the purpose of providing the United States Government with additional money for the vigorous prosecution of the war. In his message, the Secretary of the Treasury says, "The great events now happening in France must fire the soul of every American with a new determination to furnish all the dollars and all the material resources of America that are needed to put an end to the execrable atrocities of German militarism."

Where to Buy Liberty Bonds

Liberty Bonds can be bought from April 6, 1918, until May 4, 1918, from any bank or other financial institution without charge of any kind or commission for handling.

Terms of Payments

You can buy Liberty Bonds:

- By paying the full amount in cash.
- By availing yourself of the United States Government terms, which are as follows: 5% on application, 20% on May 28, 1918, 35% on July 18, 1918, and 40% on August 15, 1918.

NEW NAME FOR SAUER KRAUT

By Associated Press Dispatch.

New York, April 25.—Sauer kraut may be camouflaged under the name of "Liberty Cabbage," if the Federal Food Board acts favorably on recommendations of local vegetable dealers who assert that the proposed German stigma of the dish has been responsible for a falling off of 75 percent in consumption since America entered the war.

LOSSES SUFFERED BY THE MARINES

By Associated Press Dispatch.

Washington, April 25.—Marines fighting in France have had a total of 274 casualties, Marine Corps headquarters announced today. The casualties were:

Officers wounded, 4; enlisted men killed, 34; and enlisted men wounded, 236.

This was the first official announcement that the marines are taking an active part in the fighting.

UNIQUE LECTURE OPEN TO THE PUBLIC

Miss Anna Nelson, a missionary of most unusual character, will deliver an address illustrated with stereoscopic views, at the First Baptist church Friday night at 7:30.

Miss Nelson has been working among the Hopi Indians in Arizona for the last six years. She entered upon this work with peculiar fitness. Her parents came to this country from Denmark and settled in Wisconsin, the daughter lived a life of unusual isolation, reaching the age of seventeen with a record of having visited a town but twice in all those years and then only a small village. Having practically lived the life of the Indian in its loneliness, Miss Nelson began her work with the Hopi band a hundred miles from a town, and has met with peculiar success in her efforts.

Her experiences and account of the work will be of great interest. As this is the only place in this vicinity where Miss Nelson speaks, parties from Greenfield, Wilmington and Sugar Creek are planning to attend. Everybody invited to hear this lecture.

"RAINBOW" UNDER THE SUN TODAY

A "rainbow" under the sun shortly after noon Thursday attracted quite a little attention in this community, a long bar with all of the vivid coloring of the rainbow showing for some little time, while a half circle of orange and other less distinct colors, formed around a portion of the sun.

The peculiar condition of the clouds at the time made the refraction possible, the thin, gauze-like clouds being of the highest known type, and offering an ideal field for fantastic colorings as the rays of the sun caught them.

GROUP NOTICE

The South Fayette Street Group of Grace M. E. church will meet with Mrs. Chas. Himmler Friday afternoon at 2:30.

MITE SOCIETY MEETS.

Despite the inclement weather of Wednesday afternoon, twenty-five women were in attendance at the regular meeting of the Wesley Chapel Mite Society at the home of Mrs. Henry Willis.

In the absence of the president, Mrs. O. S. Tobin, Mrs. H. B. Rodgers led the meeting in charge. Mrs. Anderson Edge and Miss Ola Boyer each gave a pleasing reading. Mrs. Nye Gregg and Mrs. Corrine Larimer sang two very pretty duets. Rev. Arthur P. Cherrington closed the program with a brief though pointed address.

A pleasurable social hour with refreshments followed.

A. P. THANKED

By Associated Press Dispatch.
New York, April 25.—Frank B. Noyes, president of the Associated Press today read to the Board of Directors a telegram conveying the thanks of the Liberty Loan committee for the help given by the Associated Press and American Newspaper Publishers' Association in the selling of Liberty Bonds.

A classified will secure help for you why not try one today.

PASS QUOTAS

By Associated Press Dispatch.

Washington, April 25.—Scores of cities passed their Liberty Loan quotas today as shown in reports reaching national headquarters. Total subscriptions are \$1,837,868,350, or \$47,000,000 more than reported last night.

WHY ALLIES ARE LOSING RUSSIA

(Associated Press Correspondence)

Paris, April 2.—Count Nesselrode, one of the first Russians to respond to the peoples demands for a better share of the worlds goods by distributing among them, all of his property, except what he required for his own living, says the growing distance between the people of Russia and those of western Europe is due to the neglect by the French and other leading nations, except Germany, to cultivate relations with the Russian people.

He was exiled in 1905 by the government, because of the bad example he set to the nobility in giving his property over to peasants. Since then he has resided in France and become a naturalized citizen of the republic. A personal friend of Kerensky, Count Nesselrode was a fervent adherent to the revolution and gave to the provisional government what aid he could from this end.

"The French are astonished at the progress made by German influence in Russia," he says, "but they forget that the Germans are simply reaping the reward of persistent effort that date back to a remote period."

As an example, Count Nesselrode points to the great number of Russian students in German universities where they were aided, encouraged and cultivated in every way. He puts the number just before the war at 35,000.

CHAMP CLARK URGED TO TAKE STONE'S SEAT

CHAMP CLARK.

Champ Clark, Speaker of the House of Representatives, is being urged by Missouri Democrats to enter the race for United States Senator to succeed William J. Stone. The Democrats are sure that Speaker Clark is the only man who can definitely and surely carry the State in the coming election.

WOOL PRICES

By Associated Press Dispatch.
Boston, April 25.—Boston wool dealers agreed today to accept the government proposition fixing the price of wool on hand on the basis of quotations last July.

AMERICAN KILLED LESS THAN DOZEN

By Associated Press Dispatch.

Washington, April 25.—The number of Americans killed in the German attack of April 20 near Seicheprey was less than a dozen and the number of injured about 20. These figures today appeared to give support to the German claim that 183 Americans were captured, since it previously had been admitted that American casualties were around 200.

"AUTOS ACTIVE"

Thursday was surely one busy day at the garage and sales rooms of Cline and Cline on South Fayette street when five Maxwell cars were sold and delivered, two New Haynes cars delivered to purchaser besides three good second hand cars grabbed up as bargains by people who had no means of getting about with speed and comfort.

Washington C. H., Ohio

WAR WORK ACTIVITY

AN IMPORTANT BRANCH OF WAR WORK

In the opinion of Miss Caroline Ruutz-Rees, chairman of the committee on woman's activities of the Connecticut Council of Defense, the most important activity of women in war time is the care and protection of the Nation's children.

"All the belligerents," says Miss Ruutz-Rees, "are now faced with the problem of repopulation. The nation that takes the lead in the future will be the one with the most vigorous generation growing up to take the place of the present one, broken and ravished by war. We as well as other nations will have our problems, for our coming generation must be numerically sufficient, must be physically as able as we can make it, must be educated and trained. In this patriotic work women must help.

"They must guide public opinion and see that school-attendance laws are every where obeyed and that child-labor laws are nowhere evaded. They must help maintain good conditions in institutions for children. They must press for and support any agencies in their communities that work for the good of the community's children. In so doing, each woman should feel that she is serving her country in a direct manner, is helping to win the war, and is playing the part of a true patriot."

TRENCH WARFARE

AGAINST WASTE

"Trenches from which we war against waste" is what the head of the Home Economics Department in Cincinnati calls community centers. Thirty-six such centers have been opened, at which groups of 20 women were given courses in practical war-time cooking, according to a report sent the Woman's Committee of the Council of National Defense. A day nursery was opened in connection with these centers to care for the children while the mothers learned war-time cooking.

"FURLOUGH HOUSES" FOR SOLDIERS IN FRANCE

If present plans are carried through a quarter of a million dollars to erect "furlough houses" in France for American soldiers will be pledged at the biennial meeting of the National Federation of Women's Clubs. The Federation will meet at Hot Springs, Ark., April 29 to May 8 and will plan to raise this sum, which was fixed at a previous meeting.

"The 'furlough houses,'" states Mrs. Delphine Dodge Ashbaugh, "will not be a duplication of the work being done by the Young Men's Christian Association or the Young Women's Christian Association, since they will be located as far from the front as practicable. The plan is to give the tired soldier, with a few days' leave, a complete change; even Paris is felt to be too near the sound of the guns to afford a rest."

The houses will probably be located

JOHN P. MITCHEL

Former Mayor of New York Now Major in Aviation Corps.

In the South of France, Mrs. George W. Perkins is treasurer of the War Victory Commission of the Federation and Mrs. Ashbaugh, chairman.

FAIRFIELD AVIATION FIELD TO BE PLACE OF GREAT ACTIVITY

The Wilbur Wright aviation field at Fairfield will soon be a place of unusual activity, as 1500 officers and men are expected at the camp within a short time, and new officers' quarters and barracks may be erected in the near future. Aircraft guns are to be tried out on the field.

The first contingent of the 1500 or more officers and men will consist of 560 from all parts of the country, and a gunners' school has already been opened with Major A. Mobley in command of the school.

The school will be known as the armorer's school, for aviation gunners and will supply instructors for five other similar schools throughout the country. Until the present class at Wright field completes its course, the instruction at the other schools will be largely elementary.

Last week 120 officers arrived at the field and began preliminary instruction. The majority of the men who arrived for the instruction Monday are from Kelly Field, Texas. The most expert officers in the ordnance department of the army will act as instructors of the officers and men at this school. Major Mobley himself has been in the ordnance department for a number of years and is one of the few experts in that department to be engaged in that work before the war.

While officers at Wright Field are still undecided it is believed that a firing range will have to be built there. Present plans of instruction include considerable target practice.

AUTOS STOLEN

The daily newspapers tell of Ford automobiles being stolen right along at Columbus, Chillicothe, Springfield, Dayton and other places. The time for automobile thieves to get in their work is when you are not with your machine, when it is parked or in your garage. The cheapest insurance against theft is to have a Ram anti-theft lock put on your Ford auto. We install them in five minutes for \$2.50. Two keys with each lock. Hitchcock & Dalbey.

W. C. T. U. MEETING

The local W. C. T. U. will meet Friday at 2:30 o'clock at the home of Mrs. Austin Hopkins, Washington Avenue. A miscellaneous program will be rendered. Bring Red Cross work. A large attendance is desired. 97 t2

One More Chance

To Get This Big Aluminum Cereal Cooker for One Dollar

To Any Housewife Who Missed It

Once more we make this offer, but for one week only.

A million homes have been supplied with the ideal Mother's Cookers. But countless new homes in the past year have adopted Mother's Oats.

A wave of economy, plus wheatless meals, have multiplied oat-food users. And millions of them — to get this matchless flavor — are using Mother's Oats.

We want those new users to have Cookers too. So we repeat this remarkable offer.

The cost of aluminum has doubled. Cooker prices have enormously advanced. But we make new users the same offer that we made to old. We will send this big aluminum Cooker for only \$1, all charges prepaid, under offer made below.

This offer is for one week only. It applies only to those who have no Mother's Cooker now. If you are one of them we urge you to accept it.

For Mother's Oats Users

Extra Large
and Heavy
Cereal Capacity 2 1/4 Qts.
Made to Last
a Lifetime

A Million Homes Supplied

We have supplied over a million users of Mother's Oats with an ideal way to cook them. The purpose is to have Mother's Oats cooked rightly.

Mother's Oats — flaked from queen grains only — has a wealth of flavor. Right cooking keeps that flavor intact. It makes the oat dish doubly delightful — makes it easy to digest.

So we had this Cooker made to our order — an ideal double cooker. It is extra large, so little or much can be cooked in it. It is extra heavy, made to last a lifetime.

That is the Cooker — made of pure aluminum — which we offer this week for one dollar, under the conditions below. If you are serving Mother's Oats, or if you will, we want you to have this Cooker.

\$1 Brings It This Week

Buy from your grocer five packages of Mother's Oats, or of Quaker Best Corn Meal, or five packages of the two combined. Send us your grocer's sales slip for the purchase and send \$1 with it. We will then send this cooker to you, all charges prepaid. This offer is good for one week only, and it applies to this vicinity alone. Address,

Mother's Oats,
1708 Railway Exchange, Chicago

The Two Chief War-Time Foods

Mother's Oats At 1/8 the Cost of Meat

Mother's Oats, measured by food units, is twice as nutritious as round steak. It supplies nutrition at a cost of five cents per 1000 calories.

Meats, on the average, cost eight times as much for the same food value. Eggs cost ten times as much. You can serve six dishes of Mother's Oats for the cost of a single egg.

The oat stands supreme among grain foods, in nutrition and in flavor. It far exceeds wheat in food units.

It is the energy food and the food for growth. It supplies every needed element in just the right proportion. It should be your basic food.

Mother's Oats is flaked from queen grains only — just the big, rich, flaky oats. We get but ten pounds from a bushel. So in this brand you get a wondrous flavor without any extra price. All oat foods are doubly delightful if made with Mother's Oats.

Quaker Best Corn Meal The Best 60% of the Corn

Next to oats in economy comes Corn Meal. We make an exquisite corn meal, and put it up in sealed round packages.

In Quaker Corn Meal we use the cream of the corn — about 60 per cent of the kernel.

The fibrous outer coat is removed, because it makes corn meal coarse. The oily germ is removed, because the oil grows rancid. Just the hominy part — yellow or white — is ground to make Quaker Corn Meal.

The result is superlative corn meal, yellow or white. The yellow looks like grains of gold — the white like marble dust. It makes bread and muffins, porridge, puddings and pancakes vastly better than any crude corn meal.

Get the Yellow or White in round packages with tops. See how good corn meal can be.

FARM NOTES

TOO MUCH CONFIDENCE

IN FEDERAL SEED CORN
Too much confidence is being placed in the viability of the federal stocks of seed corn introduced in Ohio, according to the representatives of the Ohio State University who supervised the purchase and distribution. While two composite tests have been made of this corn and these showed a germination of over 80 percent in every case, none of it has been ear tested. To get the best stand possible it is recommended by W. E. Hanger, of the Ohio State University, in general charge of the buying of this corn, that it be ear tested. The corn crop is too important to permit any guess work at any point.

MORE MILK SOURS NOW THAN IN HOT WEATHER

More milk sours during April and May than during any other time in the year, says R. B. Stoltz of the Ohio State University College of Agriculture. This is the time — more than in hot summer — when producers do not realize the necessity of proper cooling. As a result, great loss is occasioned. Ten gallons of spoiled milk cost more than a half ton of ice.

Contrary to popular notion in some communities, thunder storms have nothing to do with the souring of milk. The warm temperature and high humidity which accompany thunder storms, however, are favorable to the growth of bacteria which causes milk to sour.

OFFICERS TRANSFER

Chillicothe, O., April 25.—All of the 148 artillery graduates of the third officers training school at Camp Jackson, Columbia, S. C., for duty. With the departure of these candidate officers in the next few days, one-half of the men who successfully completed the 15 weeks of training will have been transferred elsewhere for active duty, the 118 candidates who were recommended for commissions from units other than those in the Eighty-third division, having been designated for service at Camp Gordon, Atlanta, Ga., shortly.

All of the candidate officers are to report to their new posts by the end of the first week in May. The remaining 272 candidate officers here in the infantry units are being used to help drill the thousands of new recruits who have been poured in on the line regiments for the past week.

ARE YOU AWAKE?

I have for immediate sale 300 acre farm. One of the very best in Fayette County, lies almost in a square lines right angles, on two roads — large two story frame dwelling, splendid new barn, good out buildings. If you want to own one of the best farms in Fayette County, don't play the Rip Van Winkle act.

KENTUCKY PLANTS BEGIN GRINDING

By Associated Press Dispatch.
Louisville, Ky., April 25.—Kentucky distilleries with a maximum output of 192,000 bushels of cornmeal or rye flour a day from 167 corn mills are ready to begin grinding food for the folks at home, while the white flour goes to the Allies and American soldiers at the front.

Owsley Brown, chairman of the Jefferson County Council of National Defense, has reported to State Federal Food Administrator F. M. Sackett on the number of mills and their location, with detail data on each which has been volunteered by distillers as a result of Mr. Brown's canvass. These mills when available, will be concentrated at various points in groups of ten or a dozen where grain will be shipped in trainload quantities.

"I know from letters from the owners of these mills," said Mr. Brown, "that they are willing to sell, loan or give these mills to Uncle Sam." Three of the mills are available for grinding corn. Any of them can grind rye flour.

The mills altogether have an average output of 15,440 bushels an hour, but can be speeded up to 24,000 bushels. Those in best condition and on railroads will be transferred when the government needs them. Old distillery plants will be used for corn mills.

If your hens fail to hatch all the chickens they can take care of, send Brownell \$1.50 per dozen and your mail man will deliver what baby chickens you want at your door. 85 t26

NOTICE OF APPOINTMENT

Estate of Marion Benjamin deceased.

Notice is hereby given that Daisy Benjamin has been duly appointed and qualified as Executrix of the estate of Marion Benjamin late of Fayette County, Ohio, deceased.

FRANK M. ALLEN,
Judge of the Probate Court,
No. 2069, Fayette County, Ohio.
April 18, 1918.

THEY GAVE
HER VINOL
AFTER SICKNESS

It Completely Restored Her Strength

Brooklyn, N. Y.—"Pneumonia left me weak and tired, with pains under my shoulder blades, a bad cough and no appetite. Five bottles of Vinol restored my strength and health. I gained in weight and my cough disappeared."—Mrs. B. Richter, 132 Menhan St., Brooklyn, N. Y.

This is because Vinol is a constitutional, cod liver and iron remedy which creates an appetite, aids digestion, enriches the blood and in this natural manner restores health and strength. Formula on every bottle. Show it to your doctor. He knows. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

And at the best drug stores in every town and city in the country.

DISASTROUS FIRE
IN CITY OF LIMA

Lima, O., April 25.—Three fires, breaking out simultaneously in the Lake Erie and Western railway shops, practically wiped out the \$500,000 plant. Water pressure was cut at some unknown point, while federal agents report that hose was cut in two places with a knife. One man is being held by the police.

Three firemen are missing, one is in the hospital unconscious, a workman is seriously injured. Fire Chief Mack was badly cut and several other persons injured. The missing firemen are Richard Funk, Deck Moyer and Lieutenant Frank McCarty.

Ten to 14 locomotives urgently needed in war work, a new train of troop coaches, just completed, in the shops, and many other coaches, as well as a score or more of box cars, were destroyed.

The railroad shop fire followed a blaze at the same place two hours earlier and was extinguished after a hard fight. At the same time the residence of a foreigner was burned.

WEDNESDAY GAMES

Brooklyn, April 25.—The Brooklyn Braves opened their home season with the Giants and suffered their seventh straight defeat. Coombs held the Giants to two hits for six innings. In the next two they hit him for two doubles, a triple and four singles and won the game. Score:

WEALTHY EMPLOYER
ADOPTS STENOGRAPHER

MISS IRENE MCMANUS

Miss Irene McManus is now Miss Irene von Pustau. The pretty New York miss has been adopted by Carl von Pustau, wealthy "importer" by whom she is employed as stenographer. Miss von Pustau will continue her work as stenographer until she leaves for an extensive trip to the Orient with her adopted father.

MEETING CALLED
AT BLOOMINGBURG

The Fayette County War Work Committee will hold a meeting in the Presbyterian church at Bloomingburg, Sunday afternoon at 2:30 o'clock, and all War Chest workers of that community, and the public generally, are invited to attend. In all probability the Washington High School Glee Club will be present.

The War Council desires a large attendance. Short patriotic addresses will be delivered and the object of the War Chest explained.

AUDITOR'S OFFICE
OPEN LATE SATURDAY

County Auditor Pine, in order to accommodate as many tax listers as possible on Saturday of this week will keep the office open until 8:30 Saturday night.

This week is proving an extremely busy one at the Auditor's office, as the time is drawing near (May 1st) when all tax returns must be in the hands of the County Auditor, Tuesday of next week being the final day.

PRaises THE VALOR
OF AMERICAN ARMY

Paris, April 25.—The valor and steadfastness of the American troops during the German attack at Seicheprey Saturday is given unstinted praise by the French troops on the same front. This admiration for the fighting qualities of his trans-Atlantic comrades is demonstrated in a report forwarded to the general commanding by the colonel of a French infantry regiment which took part in the Seicheprey engagement.

"I visited Kenners wood after the counter attack in which the position was recaptured and examined the situation in detail," says the report. "Everywhere traces of hand-to-hand fighting show that the American soldiers, despite two hours of heavy bombardment by large caliber guns, defended themselves. Two American machine gunners died fighting on their weapons after covering the ground around about with German dead. The enemy suffered great losses, thanks to this heroic resistance."

Tongues : : : :

Musically the World's Greatest Instruments
With a Fascinating New Feature

THIS SUPERB INSTRUMENT plays music—every manner of music—with a tonal beauty which is not mere musical imitation, but which is actual musical realism. The deeper tones—bass and baritone, 'cello, base viol and tuba—are reproduced with a new and remarkable richness and "body." The high notes of soprano, violin and flute, come forth from this wonderful instrument with the sweetness and purity of the original renditions.

STEER WEIGHS 2400
AND BRINGS \$240.00

What is said to be the largest beef ever butchered in this city was this week purchased of H. E. Brakefield, of the Greenfield pike, by D. H. Barchet, the animal, a short horn, tipping the scales at 2400 pounds and netting the owner \$240.

The big fellow attracted quite a little attention while being driven to the slaughter house.
